"Earning a degree has always been a personal goal for me. However, balancing life as a mom and working full-time made it difficult. I tried other programs, but they didn't work with my schedule. I decided to try ORU's Online Program because they understood my needs as an adult learner and worked with me as I pursued my degree. With the help of ORU and an employer who supported me in this journey, I've finally earned my degree! Now I tell my son, 'You can do it. Keep praying, stick to it and continue working toward your goals. You'll get there!'"
